118 FIAP DISTINCTIONS and no failures plus another MFIAP.

This year the PAGB submitted 118 applications for FIAP Distinctions and, due to the hard work of the entrants and our FIAP Liason Officer, Dave Coates, **EVERYONE** was successful! Congratulations to you all.

(Scotland (SPF) and Wales (WPF) are separately affiliated to FIAP and have made their own succesful submissions.)

Fédération Internationale de l'Art Photographique, FIAP or The International Federation of Photographic Art, is an international organization of national associations of photography. More than 85 national associations are members, comprising nearly one million individual photographers.

FIAP was founded by M. Van de Wijer of Belgium in 1946. The first members were the photographic associations from Belgium, the Netherlands, Italy, Portugal and Switzerland. In 1947, Denmark, Finland and Hungary joined. The first FIAP congress took place in Bern, Switzerland in 1950, at which time additional national association members included Austria, Brazil, Cuba, Spain, Finland, France, Ireland, Luxembourg, Sweden, and Yugoslavia. FIAP Biennials are currently held every 2 years, in different countries, for black and white, colour and nature photography.

Applicants for MFIAP must submit a short statement of intent with their entry.

Villagers of Turkey by Robert Millin MFIAP DPAGB EFIAP/p ABPE MPSA, SPSA, GPU Hermes

A few years ago, on a trip to the interior of Turkey I developed a passion for the remote villages and learning about the lives of the villagers who resided there.

Having made several trips now my passion remains undiminished and my collection of images has grown.

The intention of my body of work is to showcase the lives of villagers in these remote communities with a series of intimate and sympathetic portraits that document the daily living that is unique to these villages.

By engaging them (often through an interpreter but also by attempting their own language) and learning about their lives they graciously allowed me to photograph them at work, at rest and at play

Many happy stories were forthcoming but also a few sad and moving stories were discovered in these rich cultural environments. At the forefront of my memories is the gentleman who shared his bagpipe playing with me -- and as a Scotsman this was particularly moving as the bagpipes are our national instrument.

Sharing glasses of chai with extended families, often including inquisitive cattle, sheep or chickens and always with happy children playing around is simply delightful.

My images show an honest, welcoming, hardworking and generous people who may not be rich in the material world of the West but are rich in family and community and all show a great sense of pride in their daily lives.

The images are best considered in four groupings of five images and I have used monochrome to help bring out the depth of character in the subjects of the portraits.

FIAP Distinctions for Photographic Merit

There are TEN distinctions for photographic merit: nine in ascending grades, and the separate MFIAP distinction. The fee for an application is currently £50, except for MFIAP where the fee is £110.

FIAP is organised to support Club photography, and only members of Clubs affiliated to the PAGB through their Federation may apply for FIAP Distinctions. Except for MFIAP, each distinction must be obtained in sequence: at minimum on an annual basis.

Anyone interested in the FIAP distinctions must study the whole of this page and the separate page on the FIAP Photographer's Card. Reference documents about the distinctions are provided at

EFIAP Diamond 3	200 awards with 50 different works in 10 different countries

and finally ...

... A note from Dave Coates, our FIAP Liaison Officer.

I would like to take this opportunity to say how much I appreciate all those of FIAP candidates who went to the trouble of emailing me with their thanks for the efforts that have been put in to ensure that all our applicants are successful. It is a big job and I doubt that I could manage it each year without the help and support of my wife, Sheila. That being said, it gives us both real pleasure and satisfaction to hear that our work is appreciated. Thank you, it makes it all worthwhile.
