**CONGRATULATIONS** if you have had a print accepted into the **THIRD MASTERS OF PRINT EXHIBITION** but, even if you have been unlucky, you are very **Cordially Invited** to the **Opening Ceremony**, where we will be serving mulled wine and gingerbread.

Please do not be discouraged. Without your entries there could be no exhibition and, without the high quality of your entries, the exhibition would not be as exciting as it is. In their pursuit of diversity in content and technique, the judges/selectors, were quite ruthless, and many high-scoring photographs, by many well know photographers, had to be passed over. These are pictures which have graced exhibitions all over the world and will feature in many more over the coming months.

In the end, only 60 great photographs could be chosen, from 60 different photographers.

Every entrant will be sent a personal copy of our elegant catalogue, a beautiful addition to your bookshelf. *(Catalogues for Club entries will be posted in bulk to the organiser).*

Attendees with a print in the Exhibition will receive an additional copy of the catalogue and further copies will be on sale at just £5.00.

If you have a photograph in the Exhibition and you are able to attend the Opening to sign our Archive Catalogue, you will be presented with the unique, still rare, PAGB Print Badge, especially commissioned for the **MASTERS OF PRINT**.

Our sponsors will also be in attendance to choose their favourite pictures and you could go home with a camera, a printer or another valuable prize!

## The GB Trophy 2020 is OPEN until 20 January 2020

Entry Fee is 50p per image  
(to defray costs which are also being subsidised from Sponsorship income)

The GB Trophy calendar has been put back to coincide with the calendar of the GB Cup which will reduce costs the same judges can be used for both events. This is because the Trophy has not attracted as many entries as was expected when the competition was launched. We really hope this move will attract more entries as the PAGB is actively promoting print media in amateur photography. The same images can be used in both events.

## Renewal of Club Public Liability Insurance for 2020

**Due to changes in legislation it is no longer possible for Federations to collect Public Liability Insurance Premiums from their clubs. Instead the Clubs must make their payments directly to the PAGB Brokers, Darwin Clayton, or to another suitable insurer of their choice.**

The PAGB has e-mailed a template letter to each Federation which they will forward to the Secretaries of all their Clubs.

This will be circulated as soon as practicable to Clubs to enable them to renew their current policies, or to take out new policies, prior to their current policies expiring at the end of January 2020.

The PAGB's brokers will send a schedule of costs to each Federation which can then be circulated to all their Clubs. Federations will be notified of those Clubs who have failed to renew their policies, so that suitable reminders can be sent.

It is still vital that all clubs continue to hold Public Liability Insurance to protect them against claims and Federations should regularly check that their Clubs are insured, to ensure that their members, visitors, judges and lecturers are fully covered when attending these Clubs.

The PAGB advises that Club Secretaries contact their Federation if they have not received the letter notifying them of these changes to Public Liability Insurance renewals.

### THE 2019 INTER-FEDERATION EXHIBITION

The Print and PDI Competitions were judged on 15 June 2019 hosted by the MCPF. Lu Duckett was the Federation Organising Secretary, checking the print entries, booking the venue and organising volunteers to help on the Judging Day, Lu and her team worked hard to ensure that the event was a success.

Unfortunately a few images had to be disqualified as they had been used in a previous Inter-fed competition. Some of these the federation concerned were able to replace, as I sent out warnings on a regular basis throughout the entry period, with only a few being discovered after the prints had already been dispatched to the hosting Federation.

On the judging day, The MCPF President Andy Fryer made the introductions and the PAGB President, Howard Tate, welcomed everyone and introduced the Judges, Judith Parry, Eddy Lane and Dave Gibbins. Unfortunately the event was not on this occasion well attended, despite the hosts advertising the event.

Howard Tate has produced an excellent quality catalogue, for the first time in an A4 format and a slide show has been made available on the Recorded Lecture service, with a free download available for Federations.

I received complaints from one Federation, who were not happy about the length of time that it took to receive the 2018 prints back, as they were sent back with the rejects from the 2019 entry. I consider that with the amount of prints concerned, it makes much more economic sense to send them back together. That the results were published for general information before their federation Competition Secretary received them (Proved to be untrue, as the results were later found in the Federation Competition Secretary's email junk box, when I provided an email the transaction report as proof) and that one of EAFs PDI images was disqualified due to it being considered a nature image (warnings had been sent, so that image could have been replaced) It was also suggested that that the new entry system takes more time but I could find no evidence to support this. No other complaints were received from any other Federation.

Report to the October EC Meeting*
