MASTERS OF PRINT

Supported by Hahnemuelle and PermaJet

The standard of entries to the 2020 MASTERS OF PRINT exhibition, (run of course in 2021), was very high and, with only 60 prints (7%) accepted, many great photographs and many great photographers did not make the cut.

Salon des Refusés

This is a selection from those high scoring pictures which were refused from the exhibition because there were already sufficient pictures of that style or because the entrant already had the one acceptance permitted. As you can see, this could easily have made up the chosen exhibition.

This is an analysis of entries to the 2020 MASTERS OF PRINT Exhibition – run in 2021 of course. Although the number of entrants was a little lower than we had hoped for it was heart-warming to see so many Clubs represented. The Western Counties, mainly thanks to Bristol P.S., have emerged as the Federation with the most entrants, whilst Scotland had the most Clubs. Thank you to everyone who organised a Club entry and everyone who entered. Watch out for details soon for the 2021 MASTERS OF PRINT which we hope will once again be exhibited in Birmingham with an exciting opening event in the run up to Christmas.
